

Fees and Assessments Disclosure

(Including financial benefits to third-party vendors)

Gift Planning
at Washington State University

The Washington State University Foundation imposes small fees or assessments on gifts and on our endowment. The purposes of these assessments vary. Some assessments are used to recoup specific charges by third party vendors per contract(s) for various services. Others recoup expenses incurred by the WSU Foundation during the ordinary course of business. The WSU Foundation also applies these assessments and fees to create the revenue stream to cover a portion of its operating expenses.
